G. Morrison, Proprietor

## Irma Soldiers Welcome Day Well Attended

Saturday, July 19th, officially declared a public holiday to celebrate the signing of the peace, will long be remembered as the biggest day Irma ever had. Despite the frequent interruptions by local farmers, the full program of the day was carried out and about 100 people of Irma and the surrounding district met on the agricultural grounds and participated in extending a very hearty welcome to her returned soldiers.

A large tent had been erected on the grounds and tables were arranged to accommodate about 150 guests. The tables were loaded with a bounteous supply of good things to eat, by the ladies of the district. At 12:30 all returned men and their families were requested to be seated and Mayor H. W. Ives extended the official welcome of the town of Irma to the boys who have returned, and who were previously resident in the district, as well as those who have since decided to locate there. Special mention was made of the seventeen young men who left Irma, here to return, having laid down their lives for the cause of freedom.

Mr. C. G. Hocking followed with a touching address in which he spoke feelingly of the sacrifices made by the young men of the district and of the spirit in which the present celebration was given.

Capt. G. L. Hudson, M.P.P., of Wainwright, a returned man expressed great appreciation on the part of the returned men for the kindness of the people of the district. He also expressed the belief that the men who had returned from the field of battle would make better citizens, having gained a wider knowledge of what citizenship meant and that if occasion required the boys be prepared to make further sacrifices for the betterment of Canada.

The Irma band under the leadership of Mr. Carpell, furnished music from noon until late in the evening, which was greatly appreciated, several of the musicians having been recruited from the veterans who had returned.

After the ball grounds cars of all kinds were parked along the fence and the crowd gathered to witness the popular western game of baseball.

Three teams were entered, Juvvoo, Viking and Irma. The first game was between Juvvoo and Irma and resulted in a win for Irma by a good lead. The second game was closely contested between Viking and Irma. This game was frequently interrupted by short answers causing the crowd to hurry good naturedly to the shelter of the autos. The game was a close one, and at one time with Viking having a big lead at the eighth and ninth innings, Irma tightened up and came back hard bringing up their score from 6-11 to 9-11. The Viking battery was a little too strong for the home

## CLOUD OF LOCUSTS DARKENS THE SKIES OVER RIO JANIRO

The city of Rio Janiro and vicinity are suffering from a plague of locusts. Clouds of locusts from the south swept in upon the town massed in such dense swarms that in some of the places they almost obscured the sun. Damage to the crops and the vegetation in general in the interior is feared.

Small Brothers have secured the agency for the Hoosier Kitchen Cabinets for Wainwright and district.

## LAND OWNER HAS FAITH IN DISTRICT

E. Mayer, one of the biggest land owners in this district, who has ever ten thousand acres of land lying north of the river, besides many thousands of acres in the Killam district and south on the Calgary main line, is up here looking after his interests.

He has awarded contracts for the breaking of about 1000 acres this summer, most of which is already completed, and will put this in crop next spring. During next summer he will contract for breaking 1500 acres more.

Speaking of the district Mr. Mayer said that he had lived and farmed in Alberta for over nine years, in various parts and stated that the soil and general conditions were as good, if not better here than in any other part of the province. He fully expects that his farming operations here will net him greater results than can be obtained at other places. Recently he purchased land in the Killam district which cost \$55 per acre, and stated that we had as good if not better quality right here at a much less price.

This fall Mr. Mayer will fence all his holdings here with wire fencing, providing materials can be secured.

He will also put up considerable amount of hay, to ship to his holdings in the south, as last year he had to pay around \$40 a ton for hay at Suffield, when all he would have needed was allowed to go to waste up here.

Mr. Mayer has every faith in this district, and is willingly making his extensive investment here.

See Small Bros. for Hoosier Kitchen cabinets. Sample cabinet in stock.

## PICNICS

A very successful picnic was held at Plaxtol school last Wednesday afternoon, when all kinds of sports were on the program. A booth was on the grounds run by A. C. Armstrong. A very successful dance was held in the evening at the school house.

The popular resort on the farm of Mr. A. Normandin was again the scene of animation on Wednesday, when holiday-makers from Wainwright and the district went to spend the day. Mr. and Mrs. Normandin, the ever generous hosts, had provided a fine luncheon for the people, and Fred Gordon had stocked up the a good booth with all sorts of drinks, candy, etc. The evening brought in more crowds to enjoy the dance on the platform erected and the dancers tripped the light fantastic until quite late, with the ever popular gramophone as the untiring orchestra.

Mr. Normandin has generously donated his grounds to any who want to spend a day. Tables are already built to have lunch on and spring board at the end of a long wharf, makes diving and swimming a pleasure.

## DANCE WILL BE HELD NIGHT IN ELITE

A public dance will be held in the Elite theatre on Friday evening of next week. Four piece orchestra, Cook, Chandler, Pawling and Miss Rulison. Come to the Chautauqua and attend the dance after the show is over.

Mr. and Mrs. Murphy, of Edmonton, are guests of Mr. and Mrs. Fraser, at their cottage at Clear Lake.

Mrs. Small and daughter Gertrude are spending their vacation at Lake of the Woods, Ontario.

## Chautauqua Program Opens up Saturday 1st

The Chautauqua week will open in Wainwright on July 26th, Saturday and will close August 1st. This year the Chautauqua will be held in the skating rink, instead of a tent, and good accommodation will be given to all spectators.

The following is the program for the week:

**Saturday**  
Morning: Organizing Junior Chautauqua.  
Afternoon: Opening exercises and announcements; concert: The Merrilites Entertainers.  
Evening: Concert entertainment: Margie Lee Entertainers; Lecture: "The Making of a Man" by Dr. William Rader; the making of a man.  
Admission to afternoon 35c; to evening 50c.

**Monday**  
Morning: Junior play and story hour.  
Afternoon: Concert prelude, Guarino McKinnon company—Lecture "The Challenge of the Country" E. J. Klemme. Admission 50c.  
Evening: Concert Recital by Guarino McKinnon company; Lecture "Forces that Help or Hinder the Progress of a Nation," Mrs. A. C. Zehner. 50c.

**Tuesday**  
Morning: Junior play and story hour.  
Afternoon: Piano-Accordion prelude, Antonio Minervini; a polyphonic entertainment by Tom Corvino.  
Evening: Piano accordion prelude, Antonio Minervini; In operational lecture "The New Order Versus the New Disorder."

## PROVINCES MUST POSTPONE START LIQUOR EXCHANGE

The anticipated flood of liquor from interprovincial sources has not materialized according to reports from the railway offices and the attorney general's department. The latter is authority for the statement that the position taken by the Ontario government in regard to shipment of liquor from one province to another would likely be acceptable to Alberta should occasion arise to test it out. Ontario holds that the war time prohibition of such shipments must continue notwithstanding the action of the senate under the proclamation of peace by the king actually puts an official end to the war and to all war measures. This would mean another 3 or 4 months under the present restrictions.

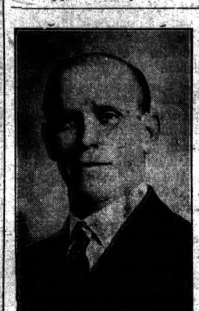

So far, as the railways are concerned, the express companies are reported from the east as having declined to accept liquor for inter provincial shipment, not caring to take the responsibility until there is no doubt about their right to do so. And that is why the rush of express parcels that was expected has not actually happened.

## 1500 DELEGATES TO OTTAWA CONVENTION ARE NOW EXPECTED

Twelve hundred and thirty-eight certificates have been received and the same number of credentials issued to date for the national Liberal convention at Ottawa on August 5, 6, and 7. About 290 more names have been received of probable delegates, making altogether an attendance of credited delegates exceeding 1500.

## PARTY MADE 200 MILES TRIP NORTH AFTER HAY

The dry weather this summer has caused a great shortage of feed for stock and many of the stockmen here have been on the lookout for their hay supply. In order to ascertain just what was available in the north, M. A. Boyer, J. A. Girard, U. Girard and Nels Merck took a trip that landed them approximately 200 miles northeast of here.

E. J. KLEMMER, President of the Chautauqua Association.

## CHAUVIN HOLDS PEACE DAY CELEBRATION

On Saturday under the auspices of the Chauvin Athletic Association, a lengthy program of aquatic sports was held at Salt Lake, the popular summer resort of Chauvin.

Twenty four events were on the program, which included swimming, diving, log rolling, contests, canoe races, yacht and boat races, tilting competition, water polo, tug race, tug of war, submarine races, etc. A good crowd was out and all enjoyed themselves to the limit. The saline waters of Salt Lake give an atmosphere of the ocean, and with plenty of boats, canoes etc., the people were able to fully enjoy the water sports.

The sports were under the direction of the following committee: A. E. Keith, chairman; F. Robinson secretary; Bert Johnson, Geo. Allan, Jeff Swan, E. A. Pitman, J. King, Bert Atkins and C. G. Forryan.

## EXPECTED TO ARRIVE SATURDAY AUG. 1st

Around two hundred members of the National Editorial Association of the United States are expected to arrive in Wainwright on Saturday, Aug. 1st. They are touring western Canada, and the Board of Trade will entertain them and show them out to the park. They will arrive around six o'clock.

## BIG PICNIC

The annual picnic and stampede of Queenie Creek will be held on the old grounds west of the school on Wednesday, July 30th. Bigger program this year than ever, with \$600 in prizes. Bucking contest is the main feature of the program and all should go and see for themselves the skill of the local horsemen. Entire receipts are to be spent on prizes so all entrants can be assured a good prize. Owing to the large crowds expected the committee will be unable to supply everyone with a lunch, so you are asked to bring your own and make a day of it. In the evening a dance is to be held at the school. Queenie Creek for a swell time on July 30th. Location of grounds is section 1-53-7 12 miles north of Vermilion and Elk Point government trail.

They left on Saturday 12th in an Overland car and went straight to Lloydminster, then up to the Saskatchewan river, crossing at Yankee Bend, ferry, then to Turtleford, the last railroad town north of Lloydminster. From there they went to Turtle Lake and to Bright Sand Lake, where they had to give up the car and proceed by wagon.

After securing an Indian guide they drove up to Rabbit Lake, on 55-18, which was the last stop. Mr. Boyer stated that there was considerable hay in that district, but owing to the many muskegs, had roads and timber, it would be almost an impossibility to get cattle into the country, or to take the hay out.

One of the greatest drawbacks is the prevalence of insects which so bothered the horses that they had to build a large smudge every night and the horses could only graze at night. He thought that cattle would never be able to spend the summer time there, owing to this fact and it would also be a big drawback in putting up hay.

They were dissatisfied with the results of the trip and will later make a trip into the north western part of the province or into eastern British Columbia. They arrived back from their 400 mile trip late Friday.

## DOUGHBOYS IN JAIL GO ON STRIKE FOR LARGER MESS TINS

Twenty-five hundred military prisoners in the disciplinary barracks at the federal prison at Leavenworth, Kansas, went on strike Tuesday and resisted all efforts of the guards to force them to work. Col. Riche in command of the barracks, received a committee of 12 prisoners, who asked that the men be given shorter hours and more to eat.

## HAMILTON VETS ASK IMMEDIATE REPEAL OF PROHIBITION LAW

The East Hamilton war veterans at a largely attended meeting on a standing vote, to a man demanded immediate repeal of prohibition.

H. C. King, well known local man, and one time bandmaster, is paying a visit to town this week.

The human body is subject to some 2,400 diseases, but normally a person is liable to but 17 and will probably experience but half a dozen.

## MEN MUST APPLY IN PERSON FOR GRATUITY GRANTS

Recent legislation in connection with the granting of a gratuity for men on service who did not enter any actual theatre of war, is causing a great number of inquiries to be made at the Returned Soldiers' commission by men who may benefit by the new order. A large number of similar inquiries are also through the offices of the G. W. V. A. It is pointed out that applications for the gratuity must be made by the men themselves, governmental authorities considering that on account of the death of some men and the departure from the country of others, that this would be the best method to follow.

ANTONIO MINERVINI, Master of Piano-Accordion on Thursday.

## STEAMER GRAMPAN COLLIDES WITH ICEBERG

Jack Brown and Family Ex-  
perience Thrilling Time  
on Way to England

The following is a synopsis of the story of the collision of the ship Grampian, with an iceberg off the coast of Newfoundland, taken from the St. John paper, which was forwarded by Jack Brown, who was a passenger on the ship, en route to England.

The Grampian left Montreal on Sunday on the ocean voyage and had an uneventful trip down the St. Lawrence, experiencing favorable weather until Cape Race was reached. Dense fog was then encountered but it lifted sufficiently at times to permit the ship's steaming along at a moderate speed. Early in the afternoon the pall of fog which has rendered navigation both difficult and dangerous on this coast for the greater part of the season, again settled on the ocean and the speed of the Grampian had to be reduced to a minimum for although no icebergs had been sighted, Capt. Turnbull was well aware that at any time one of these dangerous ice islands may make its appearance. While such a danger was considered possible however it was not for a moment entertained as imminent and so when nearly five o'clock by the ship's time a large iceberg appeared dead ahead at some fifty yards distance and barely discernible through the heavy mist of fog, it came as a great surprise.

Capt. Turnbull was on the bridge at the time and instantly took in the situation. "I realized," he said, "instantly that to alter the course would mean doom for the ship and possibly all on board as she must in that case have hit the berg in such a way as to tear the whole side out." The only thing possible under the circumstances, to avoid the worst was to let the ship take the blow head on and this course Capt. Turnbull adopted. The signal was sent to the engineer to reverse engines and with very little headway the 11,000 ton Grampian met the mountain of ice full on the bows.

Despite the fact that the speed of the ship at the time was barely perceptible, the impact was terrific, but by the very fortunate change the formation of the iceberg was such that while it drove in the bows to an extent of some thirty feet not the slightest injury was sustained below the waterline. This was accounted for by the fact that the berg overhung to an extent of many feet and this overhanging projection crashed through the nose of the vessel and completely demolished the forecastle deck, flattening in the stem at an upward angle of nearly 45 degrees, and wrecking completely the sleeping quarters of the stewards and firemen which were situated at the extreme forward on 1st ship.

At the time of the unfortunate accident there were about a dozen men in the quarters above named, these having turned in an hour or two previously. All were not asleep and when the first ringing noise of the impact was heard as it was in that part of the ship with startling distinctness, those who were the first to realize its portentious, shouted to their sleeping companions and lost no time in getting out of danger. All but four succeeded in doing so and of these two met their death.

There were 700 passengers on board the Grampian, most of whom were about deck and sitting in the smoking, reading and music rooms, when the crash occurred. Those who

were standing were in many cases thrown off their feet while those who were sitting did not feel the impact so much and the majority of them were able to retain their seats. All went out on deck to see what had happened and when the white peaked island of ice was seen dead ahead, it was at first believed that disaster had overtaken the Grampian, if only.

### GILT EDGE NEWS

Mrs. M. Livingston of Edmonton, former school teacher here, is renewing acquaintances this week, being the guest of Mr. and Mrs. Wilhelm.

George Babb, W. Plaxton and Bruce McNeira are off on a hay hunting trip.

W. A. Harris moved his hay outfit to Lloydminster where he has secured hay leases, and also bought a farm.

Jack Forsyth is in Lloydminster with his wind-splitting race horses.

Quite a number of the expert riders gathered at the Myers ranch to see who could click them.

The weather man was out with his water wagon last week and some one on the edge of here must have pulled the string.

A number of friends gathered at the home of Mr. and Mrs. W. A. Harris on Saturday evening to bid welcome to Pte. Thomas Smith who has just returned from overseas. A very delightful time was spent listening to the stories of the war. Tommie has lots of souvenirs amongst them being a wrist watch taken from a German officer whom he captured and also his medal.

Members of the Gilt Edge L. O. L. will hold their next meeting on Monday August 11. All members requested to be present and visiting brethren are cordially invited.

### HARVESTING IN

#### SASKATCHEWAN

#### EARLY IN AUGUST

The bureau of statistics of the Saskatchewan department of agriculture has issued their fortnightly bulletin containing their estimates of grain acreages and average yields of wheat and oats, also information regarding the number of that will be required to assist in harvesting the crop. The estimates of the grain show very little difference to that compiled by the Dominion bureau of statistics a short time ago and are as follows:

Wheat 9,274,816 acres; oats 5,089,334 acres; barley 651,789 acres; flax 850,686 acres; rye, 138,317 acres.

It is expected that harvesting operations will commence early in August and will be general over the province about the middle of the month.

### PUBLIC NOTICE

In the matter of the Court of Confirmation of the Tax Enforcement Return of the Town of Wainwright, TAKE NOTICE that the Tax Enforcement Return of the Town of Wainwright for the year 1919, will be submitted for Confirmation at the sitting of the District Court of the District of Edmonton, said Court to be held in the Town of Wainwright, on Tuesday, September the ninth, at the hour of two o'clock p.m.

H. Y. PAWLING,  
Secretary-Treasurer, the Town of Wainwright.  
Dated at Wainwright, this 22nd day of June, 1919.

count rates will be inserted till forbid and  
charged for.

WEDNESDAY, JULY 23rd, 1919

### WELCOME RAIN CAME AT LAST

General rains, the first for several months, fell over the district during the last week, and under their influence, much of crop will be saved. A rather discouraging outlook faced us until a week ago, as grain of every kind was simply burning up. The abundance of moisture will now ensure a fairly good supply of oats, and some wheat will also be threshed. Potatoes will also make a good crop.

### WHAT IS THE LURE?

What is the lure in the farming game that holds men who are in it and attracts others who have never had any experience? The military authorities of Canada sent out a questionnaire to about 273,000 men of the Canadian overseas forces seeking to discover what their choice was for future occupation. Nearly three-tenths of this total indicated their preference for farm life. Of this number over 72,000 had previous to the war been farmers. Four thousand, seven hundred former farmers wished to change their occupation and over 20,000 men who had been working at other occupations previous to the war, signified their desire to get on the land.

When one considers all the drawbacks there are to the farming game, it is surprising that so many men are willing to get in it. Only the exceptional individual in agriculture makes a fortune out of it. Less than a majority of farmers gain a competence sufficient to enable them to quit work early enough in life to give them a chance to enjoy themselves. By far the greater proportion of farmers are tied to the land all their lives of necessity. They work hard and their hours of labor are long. These facts are well known and must have been considered by the 20,000,000 soldiers who are anxious to make an occupational change to farming. Why, then, did they make this choice?

The answer will probably be found in the fact, that, hard as he may have to work and meagre as his financial reward may be, the farmer is an independent man in a sense that does not apply to hardly any other class of workers. He is his own boss and if he works hard it is for himself, not for the other fellow. He grows things for which reason he is more nearly independent than any other man with respect to food supplies. It is not really necessary for him to buy for his table many of the things the city dweller is forced to buy. For instance, if he cares to exert himself enough he can supply himself with practically all the table necessities. And best of all, his occupation keeps him in the health-giving open air most of his time, which is a consideration that counts heavily in favor of farming as an occupation.—Calgary Herald.

Edgerton will have their annual fair this year, and are offering a good line of prizes. We publish a portion of the list for the benefit of any who wish to compete. Cattle, horses and other livestock should be shown in good numbers to make up for the lack of soil products, which are a little short this year.

The Chauquaqua course will open on Saturday, with a varied program, and will continue for six days. The course will bring to the people of this district some of the attractions and lectures usually only seen in the city. Musical numbers will be given a good prominence in the program.

Despite the dry weather, the wild berry crop is going to be an average. Saskatoons are now ripening, and raspberries, gooseberries, are ready to pick. Last year there was practically no wild fruit.

### IN A WORLD OF MACHINERY

Omaha News: After taking an ex-conclusion that the machinery business would be a pretty good line to be in! Figure it out for yourself.

If you live in a city you get up in the morning, array yourself in garments built from machine made cloth, eat some machine made breakfast food, drink some machine cut coffee, read a newspaper that remarkable machinery has made possible, take a machine known as a street car to your office building, when an elevating mechanism hoists you to the floor on which you mechanically go through the day's tasks.

You can write your letters by dictating them to a machine from which a girl pounds them out on another machine. A little contraption standing on your desk carries your voice to various parts of the city and brings the conversation of friends and business acquaintances to your ear. On dark days you illuminate the gloom by electric light, generated in a vast machine driven power plant.

At night some friend takes you home in a four wheeled machine which is a mechanical marvel—it gets such a startling enormous mileage from a gallon of gas, at least to hear said friend tell about it. You read another newspaper also printed on machinery, of course. For the evening meal you have soup skillfully canned by some mechanical process, some other canned goods, and ice cream made by a lot of machinery in a big plant. Then you go to a movie where mechanism reproduces a drama on a silver screen for your benefit. You finally hop into a bed assembled from a lot of parts made by machinery.

No wonder the machinery business looks like a good line to get into. No wonder a man often gets into the habit of thinking he's a good deal of a machine himself.

The town of Magrath is to run a municipal billiard parlor. This decision was reached after the authorities had tried unsuccessfully to exercise reasonable control of the privately managed billiard halls of the place. It will be interesting experiment and results will be watched by other municipalities that have had similar trouble.

## Service for Canadian Importers and Exporters

Equipped with an impressive experience of our system in Canada is an important development abroad. Our branches in London, New York City, Montreal, Toronto and Winnipeg are equipped with Foreign Exchange Departments and are prepared to finance and advise Canadian exporters and importers. Our direct connection with the Pacific Union Foreign Banking Corporation enables us to serve efficiently all who would finance international transactions via

WAINWRIGHT BRANCH.

G. C. SIDDALL,

Manager.

The Winnipeg Free Press reprints from its files of 35 years ago an item giving the "high" prices for wheat and oats that prevailed on the market of July 1884. Wheat was at that time quoted at 95 cents and one dollar per bushel, and oats were going at thirty cents.

### Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child (\$1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

## MINUTES OF VALE MUNICIPAL DISTRICT

The council meeting of the municipal district of Vale No. 392, was held July 12th, with Councillors Anderson, Brown, Gould, and Taylor present.

The court of revision gave their decision on the following assessments:

The assessment on N. W. 2 41-6 be sustained; S. E. 7-41-6 be lowered to \$14.00; S. W. 11-43-4, be lowered to \$18.00; S. half 34-43-5 be sustained; N. W. 2-41-5, N. E. 4-41-5, S. W. 3-41-4; N. E. 3-41-4; N. E. 16-41-5 and S. W. 2-4-6 were all sustained in their assessment.

After the court of revision, the council proceeded with general business. The minutes of June 9th meeting was read and accepted.

Brown—That question re C. McPeck and tax exemption be tabled till Mr. May be heard from.

Taylor—That the secretary communicate with Ingot Iron company re Fresno, price on terms quoted to J. Taylor, was \$38.00 f.o.b. destination.

Taylor—That Messrs Jackson and Taylor investigate the proposed road east of S. 1-2 of 35-43-5, and west of 36-43-5.

Brown—That bylaw re fence regulations be made to read—top wire four feet from the ground and all wires 14 inches apart.

Gould—That J. D. McHenry residing on S. W. 27-41-6 or W. B. Thompson residing on S. W. 15-42-6 be and hereby are appointed pound keepers for division No. 3.

Brown—That F. Coone residing N. E. 31-41-5 be and hereby is appointed pound keeper for Division No. 2.

Anderson—That Spencer Bros., residing on S. E. 10-42-6 be and hereby are appointed pound keepers for Division No. 1.

Taylor—That W. B. Castle residing on S. E. 23-43-4 be and hereby is appointed pound keeper for Division No. 5.

Taylor—That V. Pecknold residing on N. W. 20-43-5 be and hereby is appointed pound keeper for Division No. 5.

Taylor—That A. E. Foster residing on N. W. 10-43-6 be and hereby is appointed pound keeper for Division No. 4.

The bylaw re animals running at large was given its first

second and third readings.

Anderson—That adoption of the bylaw be tabled till it is approved by the department.

Taylor—That petition re proposed road at intersection of Sections 1-2, 11-12, 42-6 be held in abeyance.

Taylor—That petition re proposed road between sections 18-19, 17-20, 4 2-4 be held in abeyance.

Taylor—That hospital district bill of \$89.69 be accepted write for information re levying of same.

Taylor—That W. E. Zarkan's bill of \$231.65 for surveys requested be accepted.

Gould—That survey requested on N. E. 12-31-6 and N. W. 7-41-5 be rescinded.

Brown—That a survey be requested on proposed road bought by former council, between sections 7 and 18, 41-5.

J. Beck's bill for \$8.00 and L. R. Lawson's bill of \$8.00 for acting as returning officers were ordered to be paid.

Taylor—That M. Brogan receive \$3.00 as refund on over paid taxes.

Gould—That secretary-treasurer's bill of \$85.02 for salary commission, collects, and postage be paid.

Anderson—That Western Municipal News bill for \$7.25 for stationery be paid.

The following accounts were ordered paid:

Ingot Iron co., \$55 for plow, L. Martiniell, \$40.00 for land for road.

Anderson—That T. E. Spencer be and hereby is appointed auditor for Vale 392 for year 1919.

Brown—That the council of Vale 392 give authority to surveyor to use his own judgment when surveying for Vale 392.

Anderson—That secretary procure supplements to brand books for years 1916 and 1917.

Gould—That survey be requested at S. E. corner of S. E. 1-4 5-41-6 providing it is not already surveyed.

Taylor—That the secretary obtain from judge dates for sittings of court re tax enforcement.

Taylor—That Messrs Brown and Gould be a committee to investigate proposed road between sections 17 and 18, 42-5.

## Wainwright Chautauqua, July 26-Aug. 1, Held in the Rink

THE WHITE HUSSARS, SPLENDID MUSICAL ORGANIZATION TO PRESENT TWO BIG PROGRAMMES AT CHAUTAUQUA.

Anderson—That all ratepayers that have received gopher poison for this year and have used it be allowed one package per quarter section extra, while the poison lasts.

Gould—That motion re price of road work for 1919 be rescinded.

Taylor—That all ratepayers be allowed 8 per cent per annum on road work done in advance from season 1919, to be allowed on taxes, interest to be allowed from September 1st, 1919 and on September 1st in each succeeding year.

Taylor—That A. Colp arbitrate price of land on proposed road at S. E. 1-4 1-41-6 and S. W. 1-4 6-42-5.

Taylor—That R. Almost's bill of \$4.60 as council fees and mileage be accepted.

Meeting adjourned.

### DELIGHTFUL VACATION TRIP

In days no further back than five years ago, the glorious scenery of the Canadian Rockies in Central British Columbia, which has been opened up

by the construction of the G. T. P. railway, were reserved for the intrepid hunter or prospector and the native red man. Today this playground so expansive that distances cannot describe it, is virtually at the door of tourists, travellers, alpinists and sportsmen. This unspoiled wonderland may be penetrated to the very heart in luxurious modern railway train. The Grand Trunk Pacific railway has issued a handsomely illustrated folder descriptive of a "Tour of a Thousand Wonders" through the Canadian Rockies—Mount Robson route, embracing the land of Totem Poles, so rich in history and romance, and embracing an ocean voyage of 700 miles through the protected water of the "Inside Passage" of the North Pacific coast, from Prince Rupert to Vancouver, Victoria, and Seattle, on the steamships "Prince Rupert and Prince George" of the G. T. P. Steamship company, conceded to be the finest and fastest vessels in regular North

Pacific Coast service. A most interesting side trip from Prince Rupert to Anyox B. C. is also described. Copies of this folder may be had on application to any Grand Trunk Pacific Agent.

### EARLY MARKETING OF WHEAT CROP

Anticipating an early marketing of the 1919 wheat crop, the board of grain supervisors for Canada has issued orders calling for the delivery of all wheat of the 1918 crop to terminal elevators before August 15 in the case of Manitoba, Saskatchewan and Alberta wheat, and before July 31 in the case of British Columbia wheat. The price fixed by the government for wheat of the 1918 crop will apply only on wheat delivered in compliance with these orders.

The order sets forth that the prices fixed by the government for wheat were meant to apply to wheat of the 1918 crop only and that "neither this board nor the government of the Dominion of Canada will be responsible for the purchase price

of any wheat above designated which is not delivered as aforesaid."

### BALLOON DROPS INTO CHICAGO BANK—TEN ARE KILLED

Ten persons were killed and 25 injured when a large dirigible in its flight caught fire and fell 500 feet, crashing through the glass roof of the Illinois Trust and Savings bank, Jackson boulevard and LaSalle st., Chicago, on July 21. Most of the dead were employees of the bank, who were trapped and burned to death in a fire caused by the explosion of the balloon's gasoline tanks as they hit the floor of the bank rotunda, where more than 200 bookkeepers and clerks, nearly all girls, were working.

### CUTS LIQUOR ORDERS

Attorney General Boyle has placed a new limit to the number of prescriptions of liquor to be issued per month in Alberta. The former limit, set some months ago, was 400; it has now been cut to 150.

## LOCAL PARAGRAPHS

Wm. Fox made a trip to Edmonton on Tuesday.

James Church returned from Winnipeg Tuesday. He accompanied a shipment of cattle made by Clifford Church, to the Winnipeg yards.

Mrs. Little returned Wednesday from a short visit to friends in Irma.

Dr. Little has gone to Rochester, N. Y., to study and also to undergo an operation.

J. W. Stuart shipped three carloads of cattle to Winnipeg Tuesday.

The Model Meat Market will buy live poultry.

C. R. Morrison, proprietor of the Star, was a business visitor in town Tuesday.

A special meeting of the town council to complete arrangements for issuing of debentures was held on Tuesday.

A meeting of the U. F. A. will be held in the council chambers Saturday, August 1, to discuss the question of feed and twine.

A sample of "moonshine" taken in a seizure here, contained, according to the provincial analyst, 75.5 alcohol and an amount of pure poison.

J. Primrose is now managing a Merchants' bank branch at Bentley.

Geo. Hudson has purchased the Reid place to the north of town.

A good many broods of young prairie chickens are now noticeable when driving along the roads. They should be plentiful this fall.

A. F. Brown, optometrist, will visit Edgerton Monday and Wainwright Tuesday.

W. O. Blinn received a car of Edmonton ice last week, which helped the ice situation considerably, as practically a famine of this hot weather necessity had existed before.

C. W. Low returned this week from his vacation.

Considerable breaking is being done lately, three or four outfits working in the vicinity of town. The recent rains has made breaking a lot easier job.

Road work is being done on the south road, near the Green-shields school, which when finished will give a good road to the lakes to the south east of town.

D. W. Hansen is back on the job again. He will visit Edgerton every Monday.

Mrs. McGinnis of Vermilion and Mrs. Bowman of Calgary are visiting this week with Mrs. James Church.

Omur L. Michon, of Edmonton, arrived in town this week and will take the place formerly held by Mr. Kilgannon, an electrical man on the Government telephone plant here.

Bob Harris has sold his place on Barker Lake and has bought a farm on Lloydminster, six miles north of this place. He will move his cattle up there. Bob says there is lots of big and good crops in that country.

**Grace Church**  
Services at Grace church on Sunday as usual, 11 a.m. and 7:30 p.m. Sunday school at 12:15 noon. Services at Trifalgar and Greenhills schools at 2 p.m. and 3:15 p.m. respectively.

**St. Thomas Church**

Sunday July 27, 6th after Trinity.  
10:30 matins.  
11:30 Sunday school.  
7:30 evensong.  
Morning and evening preach on the Vicar.

**St. Patrick's, Heath**

Sunday July 27th, 6th after Trinity: 2:30 evensong. Preacher, the Vicar.  
Mrs. James Church is entertaining several visitors from Calgary this week.

## Sore Throat, Colds

Quickly Relieved by Hamilton's Wizard Oil

Hamilton's Wizard Oil is a simple and effective treatment for sore throat and colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, cancer sores, stiff neck and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever congested or have sick headaches? Get the Wizard Liner Whips, pleasant little pink pills, 30 cents. Guaranteed.

If you plan to visit your friends own coast this summer, there is no near way to travel than via the Great Lakes route, and the steamships of the Northern Navigation Company are the finest in service on the Great Lakes. Write to or ask your Grand Trunk Pacific agent for full particulars.

## Fall Rye

The most profitable of all cereal grains, not only for its grain value but also for its pasture. Every farmer should sow it—farmers that are growing it this year and next are now able to feed their stock in spite of the dry weather. We can supply you with the very best quality of Fall Rye, you may see it 1½ bushels per acre any time in July or up to the 25th of August and have abundance of pasture until the snow fall, long after the natural grass has dried up, and pasture again as soon as the snow is gone in the spring until the first of June, then taking off the stock you can have a full crop of rye. Telephone and write the Wainwright Flour Mill as they are our agents for Wainwright.

## Blatchfords Calf Meal

In unquestionably the greatest feed to give good health to calves, a positive cure for White Diarrhoea and will pay any farmer to feed it, either with skimmed milk if he is selling his cream or to mix with water and feed without milk. The only real substitute for cows' milk.

## Peas

FOR DOMESTIC USE—We solicit your trade on cooking peas; the White Field Pea which is absolutely free from vermin and has first class cooking qualities. Kindly call on Wainwright Flour Mills at Wainwright and if they have not got what you want write us at once.
